C. P. R. Surveyors Making for Red Deer.

For some time the C.P.R. surveyors have been busy on the Cheadle, Alix branch of the C. P. C. It is now confidently asserted that this line will not go to Alix but has Red Deer as its objective point. It is evident, at any rate, that no stir is going on at Alix, while the surveyors have staked out a line about twelve miles east of Pine Lake up to Quill Lakes, and have purchased a town site there on Judge Biggs' homestead. The line then runs north-west past the north end of Pine Lake, and the surveyors are now camped near Willowdale, about ten miles east of town, and they are making direct for Red Deer.

Red Deer's prospects as a great railway centre grow brighter every day, and it would appear that Edward Michener, M.L.A., and R. L. Gaetz, when they took that trip to Winnipeg, accomplished something for us in the way of railways.

Then the article in another column, from the Strathcona Plaindealer, stating that the C. N. R. would be built from Strathcona to Red Deer this year, on the word of Dr. McIntyre, the member for Strathcona, impresses one with the idea that this will be an important railway centre.

Certainly, as a divisional point for the C.P.R. system, between Calgary and Edmonton, it must grow in importance; and with this line from the east, gives promise of being one of the leading cities of Alberta in a few years.

Adjourned Supreme Court Sittings.

The adjourned sittings of the Supreme Court opened at the court house yesterday with Judge Stuart on the bench.

These consist of three criminal and four civil cases.

The criminal cases are:

Rex vs. Fulmer, theft.
Rex vs. Dix, rape.
Rex vs. Potter, obtaining money under false pretence.

CIVIL CASES.

Simpson vs. Paradis, litigation re. Bower factory.

Pacific Live Stock Co. vs. Reinholt on promissory note.

Oaks vs. Gowen, dispute over wintering cattle.

Root vs. Ragan, action on promisary note.

The first case yesterday was Rex. vs. Dix. Dix hails from Lacombe, and is charged with carnally knowing a girl under age. The girl in question is named Adams, and is only fourteen years old. She lived with her parents, who are hard working settlers near Gull Lake and was afterwards employed in a Lacombe hotel. She is now a mother and Dix is charged with being the responsicle party. Dix is about twenty-five, and is being defended by P. J. Nolan, K. C.

The jury brought in a verdict of guilty a little before five o'clock in the afternoon after being out only a few moments. The judge reserved sentence.

In the Fulmer case Mr. Fulmer not appearing his bail was estreated and his bondsmen will have to make good the amount.

There being no other jury cases the jury was dismissed.

Potter's case is being tried as we go to press.

Innisfail Banquets Cabinet Ministers.

On Friday evening last the citizens of Innisfail made a strong bid for the pork packing industry by giving a banquet to the Alberta cabinet.

Premier Rutherford, Hon. W. T. Finlay, Hon. W. H. Cushing and Mr. W. F. Stevens, live stock commissioner, were present. The Hon. C. W. Cross and Hon. C. W. Fisher were expected to be present, but were unavoidably absent. The banquet took place at the Royal hotel, and was largely attended by citizens of the town and neighborhood. Excellent addresses were given by the Premier, Hon. Mr. Finlay and others.

THE PORK PACKING PLANT.

Mr. W. F. Stevens made a very happy speech and pointed out how each individual district had a habit of thinking about that "we are the people" and at the same time forgetting that "there are others." Speaking of the pork packing establishment he said that it would be very unwise to say where it would be until the matter had been fully gone into and it was found which was the most suitable point from all standpoints. He had a 'break' in this regard which he should not have done. He was talking to a gentleman and was taken off his guard and when asked the question as to where the plant would be located he had replied that he thought it would be between Innisfail and Red Deer. The gentlemen threw up his hands and said that would be Penhold.

The meeting closed with the national anthem.

Horse Stolen.

Fred Losee, living near the Cross Roads School, claims to have had a fine young gelding stolen from his corral a week ago last Wednesday night 5th of May. The animal was feeding with others when the dog started to bark furiously shortly after Mr. Losee retired to bed. He thought it was a coyote. In the morning the horse was gone and the fence broken down where the animal had been taken through. Foot prints were seen in the soft ground and also the marks of a buggy which had been driven up to the corral. Mr. Losee claims the horse was tied to the back of a rig and led away. He thinks it was some person familiar with the place as the horse was the best he had and it could not be driven away. There seems to be work for the Mounted Police here. Mr. Losee thinks the horse was taken north.

POLICE COURT.

Three young lads were up before Justices Wallace and Carswell Thursday, charged with breaking into Mr. Westgate's and taking some nuts and candy. They were fined $3 and costs each, and also had to make good $9 damage. Their parents also promised to punish them.

Mrs. Scannel was before Justice Mellor charged with being insane, Thursday. The doctors refused to pronounce her insane, but she acted peculiar, was a physical wreck, and should perhaps be under restraint. Mr. Mellor is consulting with the Attorney General on the matter.

A. C. Foster was before Justice Wallace Monday for shooting a dog of Mrs. A. L. Richardson found without muzzle or chain. He was fined $5 and costs. The charge was that he had other lawful means of dealing with the dog as it was doing him no harm. This seems to us superfluous. The provincial law is there. "If a dog is found running at large it may be shot." This is a matter for the provincial officials to take up or the law so far as rabies is concerned is a dead letter in Red Deer.

Horsemen Attention!

Have you a pure bred horse uninsured? If so, you are carrying a big risk. The following is a sample of the way our company settles claims:

Moose Jaw, Sask., Jan. 16, 1909.

DEAR SIRS,—

I beg to acknowledge receipt of $1,000.00 from the Central Canada Insurance Company, being settlement for the loss of the horse "Fair Everard," which I had insured with your Company, the cheque being for the full amount of insurance. I consider the adjustment a very satisfactory one, and I take this opportunity of expressing my satisfaction with the manner in which my claim has been dealt with by the Company.

Yours truly, JOHN D. SIMPSON.

We have recently insured some of the best horses in Red Deer district. Why not yours?

Rates gladly furnished.

Michener Carscallen & Co.
INSURANCE AND FINANCIAL BROKERS.

SNELL—TOZER.

A quiet wedding was celebrated in town at the Baptist parsonage on Sunday last when Charles Henry Snell, of Eckville, brother of H. J. Snell, jeweller of this town, was married to Miss Mabel Frances Tozer, who arrived only a few days before from Torquay, England. After a pleasant wedding breakfast at the home of Mr. and Mrs. H. J. Snell, and the warm congratulations of numerous friends in town the happy couple left for their home in Eckville followed by the best wishes of all.

Sporting Notes.

A football team goes to Stettler shortly to play a game in the Provincial League series.

The football game which was to have been played Monday night between the Town and Firemen, will be played off to-morrow (Thursday) at 7.30 sharp.

On Friday morning the Firemen played the Pine Lake team which had stayed in town over night. The Firemen did not have their strongest team and Pine Lake were stiff from the night before so the game was not so fast as it might have been. The score was 2-1 in favor of the Firemen. J. Oliver was referee.

The Town played Pine Lake on Thursday last. Pine Lake showed lack of practice and the game was not a very fast one to watch. The Town had made a change of players, putting on Chapman and Hacking which made them a little stronger. Greaves, Field and Trimble played a good game for the Lake. Corner kicks, of which Pine Lake made quite a number were the cause of the Town getting many of their chances for scoring. The score was 3-1 in favor of the Town. W. Hadley refereed.

Provincial League Games.

At a meeting at Lacombe May 13 of the representatives of the clubs of the central district, the following schedule of games was arranged for:

Red Deer at Stettler	May 25.
Stettler at Ponoka	May 28.
Ponoka at Red Deer	June 2.
Stettler at Red Deer	June 7.
Ponoka at Stettler	June 11
Red Deer at Ponoka	June 14.

Standing for Michener Cup.

	P	W	L	D	Gls. F	A	Pts.
Firemen	2	2	0	0	5	1	4
Town	2	1	0	1	4	2	3
School	2	0	1	1	1	4	1
Pine Lake	2	0	2	0	2	5	0

The draw game played on Apl. 30 between the Town and Firemen was protested and has to be played over.

School Football Competition.

Results up to to-day:

	Matches played.	Points gained.
Clarie Smith (A)	2	2
Jim Krause (B)	2	4
F. Reinholt (C)	4	1
Roy Malcolm (D)	4	5
Percy Smith (E)	2	3
Charlie Carswell (F)	2	3
Freddie George (G)	3	2
Frank Rich (H)	3	2

A win counts 2 points to the winner a draw game one point to each team.

NO LEADERS IN WETASKIWIN.

The Wetaskiwin Post, in speaking of the reason why that city does not grow more rapidly, says:

"It has been remarked that Wetaskiwin has no leaders to whom the masses can look for guidance, whose opinions carry weight and whose advice is thought worth following."

"This statement is unfortunately only too true, and the reason for the existence of such a state of affairs seems to be that whenever a man evinces any disposition to lead he is made to feel that his conduct is distasteful to a number of others who, out of pure jealousy, would prevent the accomplishment of his projects for the common weal, even though they themselves are too apathetic or incapable to undertake them; —A prophet is surely without honor in Wetaskiwin."

This cannot be said of Red Deer. We have a dozen men, born leaders; men who can take their places, with any in Alberta, on platform or in legislative hall. It is this very thing which is the secret of Red Deer's greatness.

Red Deer is destined to be the third or fourth city of importance in Alberta. Nothing can hold us back. We feel the power within ourselves.

The citizens are loyal to the core, and zealous for the good name of our town.

We believe we are on the eve of a steady, progressive, forward movement.

Watch Red Deer's smoke.

An eastern exchange remarking a short time ago on the peculiarities of the debate on the budget said:

Outside of the usual monotonous reading of trade figures there was little to enliven in the discussion of the budget. On Thursday the Government allowed two supporters, confirmed free traders to expound the doctrine propounded by one, Adam Smith, in 1776. Smith is dead and so are most of his supporters in Canada, but Dr. Clarke, a recent arrival in the country from England, and Ralph Smith, also an Englishman, cling tenaciously to the old doctrine. Mr. Smith advocated reciprocity in coal, and ran foul of the Nova Scotia Liberal delegates who have been asking the government for higher protection on coal so as to open up the Ontario market for the product of the Nova Scotia fields.

David Henderson, on the Conservative side, if his speech meant anything, argued for a lowering of the duties, especially on the necessaries of life. He claimed that this government has increased the cost of living.

There were many other able deliverances on the budget, but the gentlemen who have been indicated here rather went out side the beaten path.

AN UNPOPULAR BUDGET.

Extended reports and comments upon the Lloyd-George budget go to prove that it is the most unpopular budget ever introduced into the British parliament says the Winnipeg Telegram. It strikes a heavy blow at the rich, most of whom are Unionists, but at the same time it inflicts a heavy blow on the working classes and the very poor. It will drive large numbers out of trade in the beerhouse keeping and tobacco selling businesses, while it will help to increase the wealth of the well to do hotel keepers and tobacco merchants.

Austen Chamberlain has dubbed it "the electoral manifesto," in the course of a telling address, and a contemporary suggests that no government could involve itself and the country in the serious risk of disturbing so many industries and interests unless it thought it could appeal to the country before these disturbances are actually realized.

The deficit that had to be met was upwards of $80,000,000, and this is to be recovered by extra income tax, increased motor car taxes, six cents per gallon on petrol, new stamp duties, revised death, estate and legacy duties, increase in liquor licenses, three new land taxes, increased duties on tobacco and spirits. These taxes will provide $70,000,000, and the remaining $10,000,000 is estimated to be produced by a revival in trade and commerce, which is exceedingly problematical.

One effect of the increased burden on the moneyed class may be to drive quite a number of them out of the country, while those who draw their incomes from investments may be induced to transfer their capital abroad where there will be no means of ascertaining what it is producing. The increase on death and estate duties will lead to evasions of every kind, such as deeds of gift during life, and the conversion of securities into actual cash which can be passed over easily. The president of the Estate Agents' institute consider the increase of these duties "must ultimately have the effect of drawing capital away fram this country, restricting enterprise, and aggravating the problem of unemployment."

Thousands of the working classes will either have to restrict their allowance of tobacco or do without it altogether. The efforts of the tobacco trade have in recent years been exerted in the direction of bringing down the price of the tobacco smoked the masses to six cents an ounce, but this has now been rendered impossible. To the working man on $4.32 per week tobacco will mean an addition of one per cent on his earnings, and that much less to buy things for his home The senior partner in the largest tobacco business in Great Britain anticipates that there will be a falling off in the consumption of tobacco of at least ten per cent and the trade will be hard hit.

STRATHCONA—RED DEER LINE THIS YEAR.

Officials Announce that This is Proposed Extension.

Mackenzie & Mann Inform Dr. McIntyre, M.P., that Strathcona Will be Northern Terminal of Line to Calgary.

A very important article appeared in the Strathcona Plaindealer last week which goes to show that railway extension to Red Deer may only be a matter of a few months. The following is the article in question:

The following important letter, which was recently received by Sec. E. F. Bains of the Board of Trade, from Dr. Wilbert McIntyre Strathcona's member at Ottawa, speaks eloquently of the advantages which this city may expect to receive from the Canadian Northern Company this year. For months there have been rumors pro and con regarding the C. N. R. plans which would benefit Strathcona and the citizens have been torn with conflicting doubts, which were not altogether assauged with the announcement of the famous railway policy of the premier guaranteeing the line from this city to Calgary via Camrose. While it was not doubted that the road would ultimately be built there appeared to be no indication that actual construction work would begin this year.

Now, however with the positive statement received from Messrs. McKenzie and Mann, by Dr. McIntyre, to the effect that not only will the road be built to Red Deer this season, but that this will constitute the main line to Calgary, the citizens may with certainty expect Strathcona to be an important Northern terminal of the C, N. R.

This authentic information corresponds in all principal particulars to the statements made by Premier Rutherford regarding this guarantee line upon his return recently from the East.

Following is the important letter from Dr. McIntyre, which was recently written from Ottawa:

Dear Mr. Baines,

I was in Toronto on Saturday and had a conversation with Messrs. Mann and McKenzie re. activity of the Canadian Northern in the vicinity of Strathcona this year. You will remember in a conversation between us on my recent visit to Strathcona you asked me if I would ascertain what their intentions were and I promised to do so in so far as I could. I met both Messrs. McKenzie and Mann and discussed the question of railway construction and Strathcona terminals.

They both stated that this year, they intended building from Vegreville to Camrose and on to Red Deer and building from Camrose to Strathcona. The Strathcona, Camrose, Red Deer line will be the main line to Calgary, that portion being built this year.

I trust this will give you the information that you require in that particular and it would be well I believe for the Board to wait on Mr. McLeod on his first visit to Strathcona.

Yours very truly
WILBERT McINTYRE.

Horrible Accident at North Bay.

Woman Crawls Under Train and Legs Are Ground Off, Leaves Family, Husband Out of Work.

North Bay, Ont., May 13.—Mrs. Benjamin Patterson was crushed to death under a freight train last night in view of Mrs. Shaw, a neighbor she had been visiting. In order to avoid a long detour the woman crawled under the car. Just then the train started, the woman's legs being ground off. She leaves four children and a husband who has been out of work for weeks. Two weeks ago her 18 year old daughter died suddenly.

King Indicted on Six Fraud Charges.

Man Who Broke From Custody of Police Faces Long Term.

It was a luckless day for William Oscar King, the young German who made the sensational break from custody last fall, when after six months of successful dodging of the western police forces, he stole back to Edmonton, the point of his greatest peril, under cover of an ineffective disguise, to seek an interview with a wife with whom he had parted in a domestic quarrel, and was run to earth on Namayo avenue by a local police constable, who recognized him through his mask.

He was wanted badly. Yesterday afternoon, six separate charges of fraud, in connection with horse sales effected in this country along the C. and E. were laid against him, in addition to the charge of breaking from custody, before Inspector McDowell, of the Northwest Mounted Police, at Fort Saskatchewan, and to-day he is being taken to the barracks at the Fort to await his trial at the assizes, on the several charges. It is scarcely likely that he will be tried at the present session.

King worked for some time on the construction of the big Grand Trunk Pacific bridge at Clover Bar, after which he went south and got mixed up in a bunch of trouble. Last fall he was brought to Edmonton to await his trial on some charges of fraud. After fretting in the barracks guard room for a few days, King poured into the ears of the police authorities a remarkle story to the effect that he could lead them to the spot where rested the bones of a murdered man.

King was given his chance, and it was while on this journey, in the custody of two mounted policemen, that the young German made his getaway. The journey took them out in the country west of Red Deer, and while stopping at a farm house for a rest and for the purpose of making enquiries, King seized his opportunity. One of the constables had disappeared into the farm house to pursue his enquiries, and King was assisting the other to unharness the horses. King led one of the horses into the barn and when out of sight dropped the bridle and dived through a small window at the rear of the stable, disappearing into the thick brush surrounding the farm. Although seen several times since, in various points in the west, he did not come within reach of the police officers, until he came north to Edmonton on his ill fated trip.

Killed by Well Boring Outfit.

Deloraine, May 13.—Joseph Robin, aged 20, was killed this morning on the farm of W. Steedsman, south of here. He was working on a gasoline well boring outfit and while examining the machinery his head was caught and crushed. His parents moved here from Battleford a few years ago.

A good buying company met at B. E. Kelsey's sale on May 13th prices ruling high, milk cows making up to $49 and a three months old heifer calf brought $11, horses also sold well, a 4 year old mare about 950 bringing $138 and chickens made 75c. each the implements too realized fair prices, so that Mr. Kelsey had a real good send off from neighbors who all wish to see him back again and no doubt after spending a time with his friends across the line and paying his visit to California, Alberta will get him again as he has only rented his farm. F. Mott conducted the sale and he also advertises in this issue his next sale at Mr. Sherlaws on May 25th.

What Do You Know About Shoes?

"This is an impertinent question, but put it to yourself and think it over.

"The number of thoroughly good shoemen who can see 25c. or sometimes 50c. difference in the quality of some shoes at a glance is limited. A man with only a fair experience is often fooled after close inspection.

It requires a keen eye and a thorough knowledge of shoemaking to discern the difference in the quality of leathers and workmanship.

THE POINT WE ARE MAKING IS:—"A shoe can be cheapened without showing it while new, but wait until it has been worn a short time, and the most inexperienced eye can see the deception and fraud.

There are shoe factories which don't think of to-morrow. They try to produce a good looking shoe, without regard for quality; something that will sell readily.

Three years ago we had our fingers burned by a line of such stuff which went bad, and the manufacturer refused to stand behind his goods. But in our years of experience we have learned to discriminate, and now

WE HANDLE ONLY GUARANTEED GOODS.

TOWN COUNCIL.

Mayor Botterill and all the members of the Council except H. H. Gaetz were in attendance at the meeting on Thursday evening last.

COMMUNICATIONS.

J. R. Cowell complained of the bad state of the street leading to the school from Ross avenue. The Secretary will answer.

A letter from C.K.Wright asked that he be allowed to remove his sign post to his new quarters.

Engineer Neville advised the Council to offer Mr. Reinholt $70 for a diaphragm pump as the town needed such a pump. Referred to Commissioners to act.

Secretary McLeod sent in names of new members of the Fire Brigade since the installation of Insurance viz. D. Robertson, S. W. White, H. Allen, J. Coghlin. The following have left the Brigade: D. Smith, E. J. Roughton, O. Snider, M. E. North, F. Cornett and L. B. Griffith.

The resident engineer of the C. P. R. wrote there would be no fence built through the park.

The Provincial Firemen's Association asked that each town in Alberta donate for a provincial trophy at the rate of $5 per thousand population for annual tournament.

M. A. Munro, Sec. of the Board of Trade wrote the Executive of the Board had examined the band stand and thought it would be excellent for exhibiting the products of the district and asked that the Council fix it up. Referred to Commissioners to act.

The Board of Trade asked the Council to have the meteorlogical reports published this summer as in former years. The Board also asked for $150 on grant.

The Inspector of Weights and Measures wrote he would not be here for two or three months but would come if town paid expenses and thought it necessary. Filed.

A vote of thanks from Dairy Convention was conveyed to the Town by the secretery of the convention.

Hon. A. B. Aylesworth Minister of Justice, in reply to the request of Town to use cells in court house until better accomodation was provided, informed the Council that this matter was in the hands of the Provincial Government. Filed.

THE COMMISSIONERS' REPORT.

The commissioners submitted their regular semi-monthly report as follows:—

Pursuant to your instructions we have gone into the matter of salary and extras paid Mr. Meeres. In the commissioners' report of April 15th, 1907, it was recommended that the offices of Fire Chief, market clerk, caretaker of town property and poundkeeper be combined, and H. Meeres appointed at a salary of $65 per month and free house with these as his duties as well as ringing the Town bell. This was adopted by the Council, and also a recommendation on May 23rd, 1907, that the Town pay for two lights in his house and allow the telephone to remain as a house phone. There is no record on the minutes or reports whereby the Town agreed to furnish clothing to him or to pay him extra for attending fires or practices, or allowing him to stable his horse in the fire hall. Since his engagement Mr. Meeres has received the following amounts besides his salary: 1907, suit, $25.00; 1908, suit, $23.50; expenses to London, Ont., $15.00, authorized by Council; fare to Victoria, $27.05, authorized by Council; extra fees as firemen, $27.50. Based on extras received during the past year excepting allowances for trips and hay used and allowing $10 per month for rent Mr. Meeres' salary approximates $82.25 per month. We find from vouchers produced that Mr. Meeres purchased his own wood and coal during the past year, and he states that up to last September he purched his own hay and up to date his own oats, and that it was his intention to purchase more hay after all the hay bought on contract was delivered to the Town.

The debentures sold to Wood Gundy Co., together with the declarations, etc., were executed and sent to Toronto and we have received the money for them.

The assessment roll was completed within the time specified by law and was sworn to as required by law. We recommend that the Court of Revision be held on June 11th at the Council Chamber at 2 p.m.

As the hydrants at the corner of Gaetz and Morrison St. and Gaetz and Douglas St. were still leaking, we requested Mr. Neville to have them attended to. It was found necessary to replace a valve on Nanton Ave. that was broken before shutting off the water on Gaetz Ave. This took three days to do. It will probably be necessary to replace these two hydrants with new ones.

As there is now a Veterinary Surgeon located in Red Deer we notified all milk dealers to furnish by to-day the certificates required by the milk by-law, but at the request of Dr. McEwan we have extended the time for a few days to enable him to complete his teste of cows.

Acting upon your instructions we authorized Chief Meeres to collect the band instruments and equipment. We propose with your sanction to loan some of the instruments to responsible parties who wish to use them for practice on their giving sufficient guarantee to return them on demand.

We recommend that the Town pay for moving the old band stand to the location decided upon, and make a grant to the Board of Trade of $50 to assist in fixing it up as a display building. We also ask your authority to issue a cheque for this amount as well as the amount of $150 asked for on account of grant for 1909.

We recommend that we be authorized to have the sides of streets adjacent to the park ploughed, levelled and seeded down. The gardener can do this, except for the ploughing. We found that the C. P. R. surveyors had staked the line of their right of way through the park and were going to have it fenced in. We wrote the engineer at Calgary about it and he replied that they would not interfere with the park.

On May 6th the Council met in committee of the whole to consider the offer of J. L. Crawford on behalf of L. C. Fulmer to give the Town accepted drafts of a Seattle firm for $160 at 1-3 and 6 months in settlement of the Loiselle taxes. It was decided not to accept the offer, but to give Mr. Crawford at his request a statement of the amounts claimed from Mr. Fulmer that had been received by him and not accounted for to the Town.

The water at the intake has been turned into the filter basin before being pumped into the mains.

The Council in committee sold the Town team to H. J. Mutch for $350 cash and bought a new team from A. Herbert for $300 cash.

At the request of W. A. Moore, manager of the Western General Co., we visited the intake with him. He wishes to have piles along the river front to protect their property from floods, and wished the Town to do the same along the Town property. This does not appear to be necessary either for the Town's benefit or for the Company's, as they can protect their property without the Town doing anything.

We have sent copies of our 1908 report to Alberta towns and have received some of theirs in return. These we will keep on file.

We have instructed Chief Rothnie to see that all premises are cleaned up at once in accordance with the health by-law and rules. We have also fixed the following office hours for him: 10 to 11 a.m., 2 to 2.30 and 5 to 6 p.m., so that persons requiring to see him can can find him there at those hours.

We are informed by Dr. Nyblett that he will try to get the tie-up order for dogs changed to a muzzling order.

We submit herewith report of receipts and disbursements for the month of April.

We have received petitions for sewers and waterworks from ratepayers of Parkvale. It will be necessary to advertise the intention of the Council to construct sewers there according to the provisions of the Red Deer bill, and to advertise a money by-law for waterworks. We have also received an application for water connection to the steam laundry. A water main along this street (Blower) was contemplated in the original system but it was never put in.

We submit herewith list of accounts for your consideration.

We submit the following by-laws for your consideration: To raise the sum of $1500 for sidewalks and street grading. To authorize the signing of an agreement with the C.P.R.

ACCOUNTS PAYABLE.

F. W. Galbraith, $127.65; Town of Red Deer, 13.60; Greene & Payne, 66.37; Gaetz & Cornett, 1.80; Cushing Bros., 71.61; Western General Electric Co., 20.05; Hicks & Son, London, 15.89; Frank Moti, 12.50; Ellis & Grogan, Calgary, 9.20; Red Deer Concrete Co., 352.65; Copeland-Chatterson, 5.12; Western General Electric Co., .55; A. DesMarchais, 5.77; Smith & Gaetz, 13.00; wage sheet for April, 1164.65; Springbett & Harvey, 4.85; steam laundry, 1.15; F. H. Tallman, 27.54; Gaetz & Gaetz, 8.25.

The report was adopted.

Moved by Councillors T. A. Gaetz and Pidgeon that Chief Meeres be allowed a salary of $65 per month and free house and extras that have been authorized by Council, and the commissioners report on the necessity of the Chief's horse in connection with the fire hall. Carried.

Moved by Councillors Tallman and McKee that the Mayor and Secretary be authorized to issue a cheque for $200 to the Board of Trade as per recommendation in commissioners report of May 13th. Carried.

Moved by Councillors Tallman and McKee that the commissioners be instructed to have an estimate prepared covering the cost of a water main from Nanton avenue to Parkvale avenue on Ross avenue, Parkvale avenue from Ross to Alexander, and laterals to serve ratepayers desiring to take water in Blocks A. and B. On Blowers street, Gaetz to Mackenzie. On Holt Avenue from Alexander to a point opposite lot 4, block 4 (Great West Hotel.) And a money by-law prepared to raise the amount necessary to complete these. Carried.

Moved by Councillors Hill and T. A. Gaetz that the Commissioners be instructed to have the necessary steps taken and advertise the intention of the Council to construct sewers to Parkvale according to petition received and in accordance with the local improvement clause of the Red Deer Bill. Carried.

Moved by Councillors Pidgeon and T. A. Gaetz that the request of C. K. Wright for sign privilege be not granted and that no further permits be granted for post signs on the streets. Carried.

Moved by Councillors T. A. Gaetz and Hill that the matter of Best Bros. sign be left with the Commissioners with power to act. Carried.

PLUMBING BY-LAW.

The Council went into committee of the whole on the sanitary plumbing by-law and the hundred and six clauses were discussed at length with the assistance of Engineer Neville and A. DesMarchais. The committee rose and asked leave to sit again.

A sharp discussion on the proposed town offices took place some of the Councillors still favoring the idea of fixing up the town house for the purpose. Councillor McKee said this certainly would not pay as it would take as much to build a vault there as anywhere else and the building after taking several hundred dollars to fix up would still only be a poor building. It was necessary to have more room and the building would pay for itself.

Councillor Tallman said it was necessary to have a vault for the town papers. At the present time there was no certainty they would not be destroyed in case of fire. This would be a calamity. In many ways having all the town offices together was a great advantage and he believed the building would pay for itself.

The mayor said there would be nearly enough surplus from the sewer extension fund to complete the water extension to Parkvale, or there would be enough to about build the town offices. It would only need one small money by-law.

Councillor T. A. Gaetz said we must remember the people would not stand for any higher taxes, we must go slow, we have never had a money by-law turned down and we don't want to have one. He thought the people would stand for one by-law.

Councillors Tallman and McKee moved that the Commissioners be authorized to call for tenders for a new town office building. Carried.

Councillor Tallman drew attention to the leaks in the sewer pipes, and said they ought to be fixed.

Engineer Neville said it was unfortunate the packing of the hydrants was poor and many of them leaked. They will have to be nearly all overhauled.

Engineer Neville reported on the cost of levelling the Town square stating that the cost would be about $50.

Councillors Gaetz and McKee moved that the report of the engineer re. levelling the town square be accepted and the Commissioners be instructed to accept tenders of fifty dollars for same if tender is satisfactory. Carried.

Engineer Neville reported the cost of a new pump similar to the one in use, and installation would be about $3,800

Councillor Tallman favored a reservoir on the hil or a stand pipe if it could be done at anything near the same cost. Even if we have two pumps there is the danger of the pipes bursting on the one system, whereas the reservoir would give us practically two systems.

Engineer Neville did not think it could be built at three times the cost. The danger from bursting pipes was very remote.

A by-law was put through re. sewer crossing the railway track and the Council adjourned at close to 12 o'clock.

NO FOOT AND MOUTH DISEASE.

Ottawa April 29.—Dr. Rutherford, chief Dominion veterinarian characterises as a silly foundationless rumor a report sent out from London, Ont., about an out break of the foot and mouth disease there. A few horses have what is know as the "scratches." The disease is not infectious.

April 21st. 1m.

Judicial Sale of Farm.

PURSUANT TO THE ORDER, dated the 21st April 1909, there will be sold at the Court House in the Town of Red Deer on Wednesday the 26th May, 1909, at 2 P. M. by Arthur B. Nash, Auctioneer, the following land:

The whole fractional N.E. ¼, Section 4, in Township 38, Range 25, West of the 4th Meridian, Alberta, containing 140 acres more or less. The property will be offered for sale at an upset price of $1200.00. There is situate on the property one frame house, about 14 x 16, with an addition thereto, and log stables. The property is about two miles from School House and Post Office, and fifteen miles from Red Deer. About 20 acres are broken and about 70 acres fairly level, arable land. There is a considerable number of Spruce trees on the property and it has a good water supply from a spring on the place, and is fenced on three sides.

TERMS AND CONDITIONS.

The purchaser will be required to pay at the time of the sale ten per cent. of his purchase money and the balance, without interest, within 60 days, when he will be let into possession. In all other respects the terms and conditions of sale will be the standing conditions of sale of this Court.

Further particulars can be had from the Vendor's Solicitors Messrs. Greene & Payne, Solicitors, Red Deer.

Dated at Red Deer this 21st day of April, 1909.

F. S. SIMPSON,
Deputy Clerk, Red Deer.

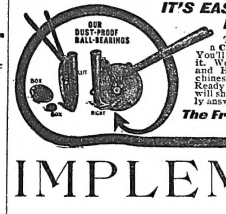
PATENTS PROMPTLY SECURED

We solicit the business of Manufacturers, Engineers and others who realize the advisability of having their Patent business transacted by Experts. Preliminary advice free. Charges moderate. Our Inventor's Adviser sent upon request. Marion & Marion, Reg'd., New York Life Bldg, Montreal; and Washington, D.C., U.S.A.

OIL BEARINGS ONCE IN 925 ACRES

Here's a test that proves the bearings of our discs in this **Champion Disc Drill** to be dust-proof. We ran a disc surrounded by sand under heavy pressure for many hours and sowed an equivalent of 1,350 acres. In that time we oiled the bearings only **twice**. This test will prove true on every disc-drill ball-bearing we send out. It assures economy in horse-flesh; ease and accuracy in adjustment. We have shown below a right and left view of these bearings, as well as the boxes containing the balls. This valuable feature is one peculiar to the **Champion Disc Drill.** The indexes tell accurately just how much you are sowing; the force feed neither mashes nor cracks the seed; the rows are 6 inches apart.

IT'S EASY TO KNOW HOW MUCH YOU SOW



There's a lasting pleasure about owning a Champion Disc Drill—it's satisfactory. You'll always be glad you put your money in it. We make a great variety of Disc, Shoe and Hoe Drills from 10-row to 20-row machines. Catalog "" and our "Farmer's Ready Reckoner" are both free. Our agent will show you these machines, and courteously answer all questions.

The G.T.P. Townsites Given to an Alias Company. The G.T.P. Still Borrowing.

(Halifax Herald.)

A few days ago we called special attention to the demonstration by Mr. Middlebro, the Conservative member for North Grey, of the vast difference between the loan to the C.P.R. in 1884 and the new loan to the G.T.P. in 1909, both as to the public benefits to be secured by the respective loans and as to the value of the security offered by the respective companies.

The fourth class mortgage offered by the G.T.P., under many restrictions and limitations, is scarcely worthy of the name of security; but Mr. Middlebro went on to show that the G.T.P deliberately divested itself of a large amount of valuable property, by creating the Grand Trunk Pacific Townsite and Development Company, to reap all the wealth from the townsites along the route of the new line, and thus save such property from becoming security for any loans that the G. T. P. might desire to obtain from the Government.

Mr. Middlebro, in his speech in the House, set forth the matter very concisely and clearly as follows:—

"The Grand Trunk Pacific is being financed by the Dominion; the building of the Grand Trunk Pacific enhances the value of land; there are something like eighty-one town sites lying between Winnipeg and Edmonton, which town sites are valuable only because of the building of the railway.

"It was only right that any increased value given to that land should belong to the Grand Trunk Pacific Railway, and it is only right that, as we are financing the road, and again lending them $10,000,000, that they should give to us, as security, this endanced value of the land caused by the construction of that railway.

"But we find that the Grand Trunk Pacific Railway Company hands over all sites to a separate company called the Grand Trunk Pacific Town Site and Development Company.

"I find that the directors of this company are C. M. Hays and friends. There are thirty thousand shares of stock in this Grand Trunk Pacific Town Site and Development Company.

The directors, according to the return brought down by the Minister of Railways, are C. M. Hays, E. J. Chamberlain, William Wainwright, W. H. Biggar and E. H. Fitzhugh, all of them directors of the Grand Trunk Pacific also, each of whom owns two shares and has paid $200.

"That is to say, these five directors who have the management and control of the Grand Trunk Pacific Town Site and Development Company have only invested $1,000 in the institution, which controls and owns eighty-one town sites between Winnipeg and Edmonton. The area is 78,640 acres. There we have that acreage, composed chiefly of town sites, made valuable by the construction of the Grand Trunk Pacific, which we are financing, and these gentlemen who have only invested $1,000 are controlling the whole company.

"In addition to that, they own a three-quarters interest in the whole town site of Prince Rupert.

"Look at this question from whatever point you choose, and yoo find some private individual making more money out of this institution than the Grand Trunk Pacific itself, which is being made to act merely as a buffer and blind."

The G.T.P. is thus going to the Government, getting vast assistance and advances, enabling it to get control of an immense amount of valuable property, but instead of holding this property as a security for the repayment of loans, it passes this property over to another "company" consisting of its own shareholders and officers, and thus puts this property beyond the reach of the very creditors from whose good offices it all came.

To many people this act of the G.T.P. will seem very much like the adoption of an alias for dishonest purposes.

The Laurier Government manifestly wishes to hand over to the G.T.P. millions of the people's money without getting any adequate security for its repayment, hence that Government winks at the conduct of the G.T.P. in divesting itself of valuable property by the device of an "alias company."

In this the Government is acting the same part as it did when it refused to take any part of the G.T.P. common stock as security, and insisted that the whole $25,000,000 of G. T. P. common stock should be handed over to the Grand Trunk for practically nothing, certainly a mere nothing, compared with what the Government was doing for the G.T.P.

For such conduct on the part of the Laurier Government there must, of course, have been some reason, and the people of this country should study it out.

The Government cannot of course take millions out of the public treasury for the purpose of directly buying up electors at election times.

But the Government can so grant the people's millions to companies and such, as to put them in a frame of mind to do such election work as the Government wishes.

How else did the Government carry the elections of 1904 and 1908?

A Heroic Mother.

Sperling Man., May 11.—Mrs Harry Courtney, at the risk of her life, forced her way through the flames of her burning house yesterday afternoon, and though sustaining severe burns about her head and ears brought her four children from the inner room practically uninjured.

Mrs. Courtney had just left the house to go to the stable to milk and looking back saw that the house was in flames. She hastened to the house and finding that the only entrance was through the kitchen which was already on fire, she threw her apron over her head and dashed inside and succeeded in dragging out the four children, who were huddled in the back room. Mrs. Courtney had a celluloid comb in the back of her hair and this caught fire burning her head and ears badly until she succeeded in extinguishing it with her apron.

Mr. Courtney arrived from the field but was unable to save the house or any of its contents. Mrs. Courtney was taken to town and attended by Dr. Prit, of Carman. Two of the children were slightly burned. The condition of Mrs. Courtney is not considered as critical. The origin of the fire is not known, but it is supposed to have been caused by the children playing around the stove. There was only $300 insurance.

The Mail Order House.

Says a Battleford paper: An exchange publishes the following advice to the public in the form of ten commandments. As we do not approve of paraphrasing Scripture, we have condensed them and extracted the main features:

Always sell your farm produce for cash but not to the mail order houses, they do not buy it.

Always believe every picture in our catalogue.

Always remit your money in advance and let us have the use of it to buy the goods for you.

We will sell your church bells and other church fixtures if you will send the money in advance.

Collect as much money as possible for church purposes from your local merchant.

Persuade your neighbor also to deal with us.

Look often at our catalogues and send an order for what you do not require or you may have some money left to spend at home.

When any of our goods require repair have your local mechanics fix them on credit and send his money to us.

Believe us before the statements of your local merchants.

In case of sickness or accident apply to the local dealers for aid and credit.

Bad Leg For 60 Years.

Zam-Buk Works a complete Cure.

Mrs. J. Minett, of 102, Thurbers Avenue, Providence, Rhode Island, has been cured by Zam-buk of a bad leg, which had defied all remedies for sixty years. She says:—"When a child of eight, I was bitten on the leg by a dog. A doctor cauterised the place, but it never healed up soundly and I have suffered with an ulcerated leg for over sixty years. This occured in England, and many English doctors tried in vain to heal the sore. At one time I was an in-patient at the East Suffolk Hospital for a long period, and for three years I was in and out of hospitals. I was continually in pain, and the sore would not heal, but continue to discharge. Twelve months ago I came out here to my daughter, and during the voyage I had to keep my bed. The ship's doctor examined my leg, and gave me a plaster, which I had to take off again, as it made the pain so intense. When I reached my daughter's house, she sent for a medical man, who said that nothing could ever do it any good, and although I tried other American doctors they did me no good. They said my leg would never be well.

"One day my youngest daughter brought home a box of Zam-buk, and induced me to try it. With the first application I seemed to find ease, and further treatment with Zam-Buk did me so much good that I sent for a proper supply. I kept on with the Zam-Buk treatment, and soon saw that the wound was getting better. The discharge was reduced, and the pain was eased. I persevered with the Zam-buk, and to cut a long story short, it effected a cure. It is marvellous think that, after suffering for sixty years, Zam Buk has been able to make my leg perfectly sound."

Zam-Buk is a combination of power and purity. Purely herbal, it is superior to all known remedies for chronic sores and wounds, eczema, salt rheum, ringworm, eruptions, varicose ulcers, cuts, burns, bruises, skin diseases. It also cures piles. All druggists and Stores sell at 50c. a box, or post free from Zam-Buk Co., Toronto, for price. Three boxes for $1.25.

Shall This Thing Continue?

Last year the facts relating to a land purchase by the Transcontinental Railway Commission, the quartette of politicians who are building the eastern end of the G. T. P., were examined by the Public Accounts Committee at Ottawa. It has then discovered that a politician named Kearns had purchased certain property near Winnipeg for $90,200. At once the Transcontinental Commission became anxious to get the land as a site for terminals. The politician in control was ready to sell, and he did sell, to the Government, for the magnificent sum of $222,000! In this one transaction there was a profit of $122,800.

The land had to be transferred to the government. For this purpose the leader of the provincial Opposition in Manitoba, Mr. T. H. Johnson, was employed. He put the necessary documents through, and was paid $900. One would have thought that the vendor would have prepared the documents, seeing that he was making so good a thing out of the affair. But he was spared this expense, and the leader of the Manitoba Opposition was brought in and received $900 for his services. The Opposition leader in Manitoba is evidently kept busy by his Ottawa friends, for it transpires that he has been transferring titles at a great rate and at a high rate, for the transcontinental Commission. The regular charge in Manitoba, where the Torrens system prevails, is $5. But the leader of the Manitoba Opposition has been paid $30, and it is alleged that four titles have been made out for a piece of property where one would do. The leader of the Manitoba Opposition maintains that he has done nothing wrong. He has merely collected the amount the Government was willing to pay. On the other hand, the Government will claim that it has done nothing wrong. It merely paid what the lawyer asked. It is interesting to observe that the man who made the $122,800 out of the land deal was one of the great Liberal politicians of the West, Mr. Kearns. The lawyer who gets $900 for transferring a property and $30 for examining titles which are dealt with for private individuals for $5 is the Liberal leader in Manitoba. Mr. McAvity who received the $35,933 from the Mayes dredging contract, is president of the Liberal Association of St. John. Mr. A. W. Fraser, who was given so much timber land in the North West for a song, and made a fortune by turning it over, was the president of the Ottawa Liberal Association. Mr. Pearson who realized so much out of the Intercolonial land deals, is the president of the Liberal Association of Nova Scotia, and a member of the provincial Government.

These operations so profitable to the politicians, explain how it happens that the cost of governing the country has risen from $40,000,000 to $100,000,000 per annum. It is impossible to give "rake-offs" to presidents of Liberal Associations, and at the same time have the money in the Treasury. The people ought to look into these transactions and determine whether or not they shall be continued. Now is the time for work of this kind. It is better to find out the facts during a period of political quietude than to put off enquiry until the excitement of an election makes it difficult to judge calmly and fairly.

When is a Man Really "Broke?"

At one of the missions in a large city an ex-convict, who, after leaving prison, raised himself to a position of dignity and affluence, delivered the following dictum to several members of the "Down and Out Club":

"A man," he said, "must be broke in more than pocket to be really broke." That may be a slangy way of stating a truth, but it is nevertheless a profound truth.

The only man who is really broke is he who is spiritually broke. Right in any one of our Canadian cities may be seen men young men too, who are penniless and who live, like parasites, on others, associates, friends and relatives.

They positively refuse through pride to take a job, which as they put it, is beneath their powers and dignity.

How silly! For any job that will temporarily put money in one's pocket, feed and clothe one until one can get something better, means social and spiritual salvation.

Not only does pride go before a fall, but to often a silly pride keeps a man down after he has fallen.

The strong man, he who is not spiritually broke, accepts any thing that will start him on the way to renew independence.

Only when reason, good sense and moral energy abdicate the throne of a man's soul, can such an one be said, in the vulgar phrase, to be down and out, clean broke.

Servant Wanted.

To go to Edmonton. No washing. Family of three. Apply to News Office or to Miss LOGAN, Memorial Hospital.

REMOVAL!!!

W. L. SOLEY, Red Deer.

THE REGISTERED TROTTING STALLION

"ZOMVERT" 2 29¼

Was sired by the world renowned "Zombro," 2'11, the greatest show horse and sire of extreme speed that ever lived. Besides many other great ones he sired "Italia" 2 04½, world's record for green mare, "San Francisco" 2 07½, world's record for three heats by green stallion, "Hymettus," 2 06¾, world's record for three-year-old gelding. Zomvert's claim to greatness rests not alone with his sire, as his 1st and 2nd dams were both great trotters and his 3rd dam was "Tecora," one of the twelve greatest mares that ever lived. Come to my barn and carefully study his tabulated pedigree, and you will be convinced he is a Prince, and son of a King. The Zombros have sold for thousands, where other good horses have brought only hundreds. Farmers, as well as others, look to your interests, and breed a mare or two to a Zombro while you can. For the present season he will stand for service at my livery and feed barn on Alexander Street, Red Deer, Alta., at prices within the reach of all.

H. H. DRAKE,

FAMILY BUTCHER.

GAETZ AVE. RED DEER.

WATCH OUR LOCALS!

LOCAL & GENERAL.

Mrs. Rutherford was in Calgary Saturday.

The Light Horse practised mounted drill last evening.

Mrs. G. W. Greene and her daughter returned from Calgary on Saturday.

Mr. and Mrs. J. Carlyle Moore returned to Red Deer last week from the east.

Dr. Ferrell, of Kenora, Ont., was the guest of Mr. and Mrs. L. R. Baker last week.

If you want to hear good singing go to the Lyric Friday evening and hear Clare Johnson.

This is good reading weather. Drop in and see what bargains we are giving in books. Grieve & Co.

To-morrow is Ascension Day. There will be divine service in St. Luke's church in the evening at 7.30 o'clock.

The Alexandra Club have decided to hold a tag day on Saturday, June 5, in aid of the Memorial Hospital.

Joseph Slade has taken a position with Mr. Ramsay the florist of Edmonton and left for the north on Sunday evening.

James Bannerman has been appointed Assistant Inspector of Land Agencies for the provinces of Alberta and British Columbia.

Constable Johnston, of the R. N. W. M. P. has been transferred to Calgary. He is succeeded in Red Deer by Sergt. Wilson, of Banff.

Arbor Day passed off quietly on Friday last. Some tree planting was done, and considerable cleaning up and gardening indulged in.

R. L. Gaetz and R. C. Brumpton left for the coast on Friday on receipt of a telegram regarding some property they have for sale in Vancover.

Geo. Larkins is without a doubt the cleverest dancer we have ever seen and hope to see him again. Calgary News. With the Majestic Comedy Co.

A number of teams, scrapers, ploughs, tents, and camping outfits have been passing south the last few days, no doubt to swell the railway construction camps east of Airdrie.

This is clean-up week. The Council asks all citizens to clean up their yards, remove the ash heaps and put things in order. There is a by-law regulating this question, and it must be enforced.

The sewer pipes at the school clogged up Saturday and it was feared the pipes would have to be taken up Monday. The school was dismissed Monday afternoon, but caretaker Gee succeeded in removing the obstruction with the hose the same day, and the school resumed Tuesday.

H. S. Strong, manager of the Alberta Pacific Elevator Company, was up from Calgary last Wednesday with regard to the repairs being made to the elevator at Red Deer. Mr. Strong was accompanied by A. A. Smith, superintendent, and Chas. Nelson, foreman of construction. It was decided to go on at once with enlarging the elevator. With regard to the proposition to put in gristing machinery for the benefit of farmers, Mr. Greenway says the company has the question under consideration, and will probably do so if it can be accomplished without loss. To put in a mill of this kind might cost as high as $8,000. The company would under no circumstances make flour to sell, but only for the benefit of the farming community in the way of gristing. The idea of the company is to help along the farmers.

Books at cost and below, this week. Grieve & Co.

Charlie Ouimette, of Coleman, was in town over Sunday.

There was no gun club shoot Monday night owing to wet weather.

Remember the conversazione on the 28th by the Hospital Ladies' Aid.

William Postill was in town from the ranch last week. All the family were well.

Mr. and Mrs. C. A. Julian Sharman returned last week from their extended trip to California.

Charlie Murphy, of the Land Office, has returned from Edmonton where he has been for some weeks.

Jamieson, McKechnie & Co. received a car load of doors, window sash and other building materal last week.

F. W. Dunn, of Vancovver, was the guest of J. R. Cowell, last week. Mr. Dunn was on his way to the old country.

Mrs. Laing, wife of E. C. Laing manager of the Crown Lumber Co., arrived in town with her family on Wednesday last.

Master Harold though 7 years old does stunts on the slack wire that an older person would be proud to do and he is clever in his talk. Denver Post.

H. C. Smith, section foreman at Chigwell, has been transferred to Stettler to take charge of the section there. He moved down on the train on the 15th inst.

The fishing season opened on Saturday last and numerous youngsters were out with hook and line attempting to capture the finny denizens of the deep.

Evarts citizens will celebrate Victoria Day by holding sports and games of all kinds in the afternoon, to be followed by a dance in the evening. A big time is expected.

Next Monday being Victoria Day it will be celebrated as a general holiday throughout Canada. There will be no celebration of any kind in Red Deer so far as we can ascertain.

The court house grounds are to be ploughed, harrowed and seeded down to grass, and trees planted in the grounds. The fence is also to be painted. Tenders have been asked for the work.

S. N. Carscallen and his brother in-law Dr. Thornton started on a week's drive last week to the new country around Castor. Unfortunately one of the horses took sick near Stettler and they had to return on Sunday last.

The ten cent tea at the residence of Mrs. Rutherford on Friday evening last under the auspices of the Ladies' Guild of St. Luke's was a pleasant affair. There was a good attendance and lots of music and fun. The proceeds were very gratifying.

Mrs. Geo. F. Root has received the sad intelligence of the death of her aged mother, who passed away at her home in Gilmore City, Iowa, May 14th. Deceased has been an invalid since last September and the last few days of her illness were attended with extreme suffering. She leaves two daughters and three sons to mourn her loss.

The showers of Monday and Tuesday greatly benefitted the grass and fall wheat, and the early sown grain is looking splendid, while the ground will be in excellent shape for the barley yet to be sown. Altogether the prospects are as good for a bountiful harvest as in any average year in Alberta's history.

THE MAN BEHIND THE GUN!

Good tools are necessary to a first class Mechanic but the best tools in the world would never make a good Mechanic out of a poor one.

Delicate instruments are necessary for scientific computations, but the more delicate the instrument the more helpless the operator if he does not know how to use it.

Given an efficient instrument and an expert operator the result is fraught with accuracy and satisfaction.

I have furnished myself with the most up-to-date scientific instruments for exact eye work and believe myself fitted by many years of study and successful practice to, produce highly satisfactory results. My work speaks for itself.

H. H. GAETZ, Optician.

The Gaetz-Cornett Drug & Book Co., Ltd.

Reserve the 28th for the hospital conversazione.

The Hospital Ladies Aid will hold a grand conversazione and supper in the Oddfellows' Hall on the evening of May 28th. There will be a good musical program. The entertainment will start at 8.30 sharp. Admission 50 cents. Come and have a good time and help along the hospital at the same time.

H. J. Snell,
Red Deer, Alberta.

W. P. CODE,
Sec'y-Treas. 19-T-1.

IMPORTANT

AUCTION

EIGHT MONTHS CREDIT.

TUESDAY, MAY 25,

Frank Mott, favored with instructions from Mr. Sherlaw, will sell by public auction all his live and dead farming stock, furniture, &c., at his place, Section 30, Township 37, Range 24, West of the 4th; 18 miles east of Red Deer; 6 miles from Hillsdown Post Office and 8 from Pine Lake.

CATTLE.

18 milch cows, 13 fresh and 5 to calve; Shorthorn bull; 2 yearling heifers; 12 calves.

HORSES.

Team horses, about 2,000; saddle mare in foal; two-year-old filly pony; yearling colt, pony.

IMPLEMENTS.

Bain wagon, double box, in good condition; seeder; 16-inch stubble plow; 12-inch breaker; 5 ft. McCormick mower; McCormick rake; set of Bain bob sleighs, cutter, shafts and pole; single buggy; set of work harness; 2 hay racks; grindstone; 20 gall. barrel churn; new De Laval separator; boy's saddle and bridle; cow chains; creamers; log chains; picks, shovels, etc. Also 30 head of chicken and the household furniture.

The above dairy stock is well known in the locality, and is of a fine dairy strain, and in good shape, and the horses are good workers, the implements being good as new. Mr. Sherlaw is only selling out to enable him to go to the coast on business, for two years, for which time he has rented his farm, as he intends returning again to farming here.

Terms of sale: $20.00 and under cash. Over that amount, a joint bankable note will be taken at 8 months, bearing 8 per cent. interest. A discount of five per cent. will be allowed on sums over $20.00 for cash.

Lunch at 11 o'clock. Sale at noon.
Frank Mott, M.A.A.A., Auctioneer.

Strong Shoes

For Wet Weather.

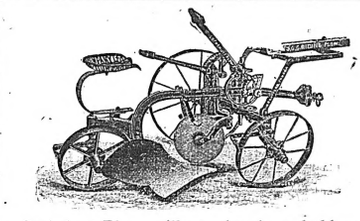
At no time of the year do you require a good stout shoe as much as during the rainy season.

We have a splendid range of this class of shoe specially selected for the wet season. They are made of All Solid Leather and every pair guaranteed.

We also carry a full line of Rubbers, in all styles and sizes, of the best quality.

We are headquarters for all kinds of Footwear.

W. T. COOTE
"The Shoe Store of Quality."



Cockshutt Plows will soon be a household word in this district. Our famous J. G. C. style is gaining more friends every day. We have already sold more of these Sulkies this spring than during the whole of 1908. The same thing applies to our 28-inch Jewel Gang; there is nothing on the market to touch it. With or without breaking bottoms. Sold on trial, therefore satisfaction guaranteed.

Latimer & Botterill.
